

TROJAN SPECIALTY PRODUCTS

INSTALLATION INSTRUCTIONS BB-09 WATER FOUNT (Part #: 60273)

Please Read And Follow Instructions

1. Remove the two front screws holding the Shield on. The Shield can be removed by lifting it up.
2. You can now mount your bowl to your vertical service using lag bolts, & lock washers (bolts & washers are not included). Water bowl must be level when mounted.
3. The red water valve & float are shipped completely assembled. Make sure all the connections are tight. Shipping can loosen any connection.
4. Connect your water supply to the blue adapter threads located on top of the shield. They are standard NPT threads. Be sure to use pipe dope or thread tape to keep from leaking.
5. Turn on water supply and check for leaks. Water will be flowing from the red valve and will fill up the water bowl.
6. Adjust the water level in your water bowl by loosening the wing nut and moving the arm up or down depending on what water level you would like to have. After the adjustment is made tighten the wing nut by hand.
7. Replace the Shield making sure it fits into the groove molded into the water bowl. Tighten down the two screws.
8. The Water Fount is NON-HEATED. Damage caused by frozen water is specifically excluded from our warranty.

WARRANTY FOR TROJAN SPECIALTY PRODUCTS

TROJAN SPECIALTY PRODUCTS, warrants product to be free of defective materials and workmanship. Defective part(s) will be repaired or replaced, at the option of TROJAN SPECIALTY PRODUCTS. This warranty specifically excludes all labor and shipping charges.

This warranty does not apply to any appearance items, to any product whose exterior has been damaged or defaced, to any product subjected to misuse, abnormal service or handling, and to any products altered or repaired with other than original equipment manufacturers parts. The period of warranty begins at original date of purchase and extends for one year.

All warranty claims must be processed thru TROJAN SPECIALTY PRODUCTS.
